The reasons for the change is the firm conviction that many parents Blackhander Gets with little children could be present at the earlier hour before the bed time of the little ones, because this is the only evening that many busi-ness and working men have their families at home; then it is believed that it will be to the advantage of those who are out driving or walking on Sunday as it will enable them to stop at the Church for an hour's worship and the sermon and yet allow them to be heme in time for the evening meal, and not have to go out again in the evening. ...

The Epworth League meetings will continue to be held at 6:00 o'clock, and the League may occasionally have a Sunday evening getto-gether now that the opportunity offers, following the League meet-

Three Year Term

Frank Sedler, Owosso, was sen-tenced to three years in the federal prison at Atlanta, Ga., by Judge Arthur J. Tuttle in United States court n Bay City Tuesday morning for ending a blackhand letter through the mails to A. D. Bell, general manager of the Owosso Sugar Co.

Sedler was born in Czechoslovakia and has been in the United States 12 years, according to his testimony. He said that he had been working in he beet fields during his residence here and that he took Bell's name from a telephone book and wrote him letter demanding \$10,000, to be eft at a certain place. The letter was signed "The Iron Hand Gang."

He was caught when he went after the money and was taken to Bay City, where with another prisoner, he tried to break out of jail. The other prisoner sawed the bars while Sedlar guarded to see that they were not watched. The sheriff watched the pair for three hours through a erack and captured them as they were making a getaway.

In sentencing the prisoner, Judge Tuttle told him that it was no less a crime to threaten a man's life thru a letter in order to get \$10,000, than to hold him up with a gun. He then requested the district attorney to noify the immigration authorities and recommend that Sedler be deported at the expiration of his sentence.

Are You Buying **HARDWARE**

To Best Advantage?

Hardware constitutes a considerable item of expense in the annual budget of the average family. It is the aim of this store to make that item of expense in your family as small as possible. To do this there are but two ways-sell only hardware that endures, and keep the price down. We do both.

Why not a new kitchen stove now? We have a wonder when it comes to baking and all around utility. We are quoting a very low price on them.

Dodge Brothers BUSINESS COUPE

With this coupe Dodge Brothers have proved once for all that a closed car can be as sturdy and practically as inexpensive as an open roadster.

This is largely due to the all-steel bodythe first ever marketed-which admits of lower cost of manufacture through standardized machine production. Unlike wood, the steel surface will take a finish of enamel, baked on at high temperature. This process results in a permanent lustre, and eliminates the trouble and expense of repainting.

The wide straight seat is upholstered in genuine Spanish blue leather, durable and readily cleaned.
